

## The SCRIP Program at Community Christian School

A fundraiser that doesn't require you, or anyone else, to spend any money that isn't already being spent for products you are already purchasing! You, and/or friends and family, purchase gift cards to buy products you want. The gift cards are purchased at face value and the retailers offer a rebate to CCS for each card purchased. The rebates vary from between 1-18% of the value of the gift card. The more cards you purchase, the more rebate you will receive. CCS keeps 10% of the rebates to use for shipping and handling, and the other 90% is passed onto CCS families for tuition credit. The earning potential is unlimited. All you have to do is purchase these gift cards to use on products you already plan to purchase, and at the same time you are earning a CCS family free money towards tuition. It's easy for one family using scrip to generate \$600 – \$1,000 or more in one year just by using SCRIP to purchase the same every-day products they are already using. There are over 700 retailers for gas, groceries, clothing stores, restaurants, home improvement and entertainment that participate in SCRIP. It is easy to find a gift card for almost any store where you already shop. For a full retailer list and more information about the program, go to [www.shopwithscrip.com](http://www.shopwithscrip.com).

For example – you buy \$50 worth of Olive Garden Restaurant (8%) and \$50 Bath & Body Works (18%) The family earns the percentage of what you just bought...\$4 from Olive Garden \$9 from Bath & Body. A total of \$11.70 is earned on a CCS family's tuition. These were items that were going to be purchased anyway – and just think if MORE family members were ordering what their credit could be!!!!
